Footnotes

A footnote marker in running text[1], with the definition anywhere in the document.

Several footnotes[2], order in the body does not matter[3].

Reference the same footnote twice[4].

An inline footnote [5].

[1] A simple numeric footnote.
[2] Schmidt, J. (2020): *Title of the Source*, Publisher, p. 42.
[3] Machine Learning is understood here as a collective term.
[4] Schmidt, J. (2020): *Title of the Source*, Publisher, p. 42.
[5] directly at the sentence, no separate definition needed
